1999 Shot Peening and Blast Cleaning Workshop
November 2, 3, 4 in Albuquerque, New Mexico

THE WORKSHOP
The Electronics Inc. ninth annual workshop will expand on the new format introduced last year—we will offer four sessions at once to accommodate more students and provide a greater variety of sessions. Students will be able to pick the times and topics that will benefit them most (as space allows). See the complete list of workshop topics on page 20.

The workshop will be at the Crowne Plaza Pyramid. Participants in the workshop will get a group rate of $89 for a single or double room. Make sure that you mention the workshop when you register. Please register for the workshop before you register at the hotel.

The cost of the workshop is listed below. We offer a discount for multiple attendees from one company to encourage a team approach.

THE TRADE SHOW
Electronics Inc. is sponsoring the 1999 Shot Peening and Blast Cleaning Trade Show in conjunction with the workshop. The trade show is open to all workshop attendees and readers of the two EI newsletters. This show will be a unique opportunity to display and view the products of the shot peening and blast cleaning industry. Exhibit fees are $1000 per booth. Since we are limited to 30 booths, we encourage you to register early.

SHOT PEENING OPERATOR TRAINING CERTIFICATION
Shot peening operator training certification Level I, II and III will be offered at the workshop. The Level I examination is available to those with prior work experience (minimum of one year) or completion of the workshop. Level II certification requires holding the Level I certification for one year. Level III certification requires holding the Level II certification for one year.

Registration for the workshop is limited to 200 students. To reserve a space, return the form on page 23 or call Pam Werner at 1-800-832-5653 or (219)256-5001. Please call Pam to reserve space at the trade show, too. In both cases, payment must accompany registration.
