And much, much
more!

Do you want to improve the quality and control of your shot peening processes? Attend the 2001 Shot Peening and Blast Cleaning Workshop

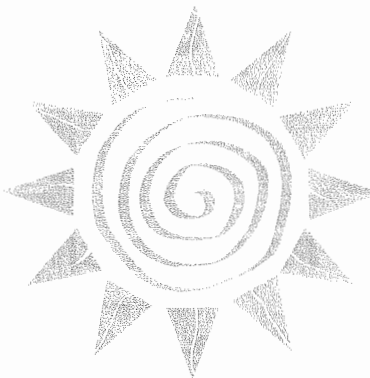

It's the one and only workshop dedicated to shot peening and blast cleaning.

Electronics Inc. (EI) is a pioneer in shot peening and blast cleaning training. Since our first workshop in 1990, we have attracted students from around the world that want to improve the quality and control of their shot peening and blast cleaning processes. This workshop is truly unique—there is no other time or place where you can be exposed to so much information from our industry. The following are a few of the highlights of the 2001 workshop.

The Curriculum

We continually evaluate our class offerings—we survey students after each workshop and make any necessary adjustments or improvements to the class schedule. The following are classes you can attend at the workshop:

- Air Blast Machines: How to Specify, Maintenance, Rebuild Projects, Nozzle Selection, Purchase Guidelines, Types and Applications
- Almen Gage Practice
- Blast Cleaning Fundamentals
- Computer Generated Almen Saturation Curves
- Dust Collectors
- Flapper Peening
- Job Shop Shot Peening
- MagnaValve Installation and Operation
- Masking Techniques
- Media Handling Equipment

**October 30 - November 1
San Antonio, Texas**

- Media Inspection
- Media: Maintenance, Size Control, Specifications
- Peening: Applications, Intensity and Coverage, Theory
- Robotic Peening Applications
- SPC
- Shot Peening Audit Guidelines
- Training for Auditors, Inspectors and Quality Control Managers
- Wheel Blast Machines: Adjustments and Safety Issues, Hot Spot, Hybrids and Conversions

Level I, II and III Shot Peening Examinations

Examinations will be offered on Friday November 2. The Level I examination is available to those with prior work experience (minimum of one year) or completion of the workshop. Level II exam requires holding the Level I exam certificate for one year. Level III exam requires holding the Level II exam certificate for one year.

Trade Show

EI is sponsoring the 2001 Trade Show in conjunction the workshop. The trade show is open to all workshop attendees. This show will be a unique opportunity to view the products of the shot peening and blast cleaning industry.

For more information...

Additional information and registration forms are in this newsletter starting on page 38. For more information, call us at 1-800-832-5653 or (219)256-5001.
