Dee Blast Industries

Expanded line of abrasive blast equipment

Stevensville, MI. Dee-Blast Industries is proud to announce it has expanded its line of abrasive blast equipment to include cabinets with turntables, cyclonic reclaim, and cartridge dust collection as standard equipment. Models come in sizes from 36" to 72" in both dimensions. Suction and direct pressure models are available with many more included accessories already standard. These units are shipped for easy installation and start-up for our users. For more information please contact: Dee-Blast Industries, 3039 Johnson Road, Stevensville, Michigan 49127 or phone 1-800-253-3661 or fax (616)428-3977.
